The November Elections

CITIZENS of only a few states will be called spon to decide initiated and referred proposions and constitutional amendments on November 7, a survey by the Council of State Governments shows. Like all odd-numbered years, 1939 will see comparatively little direct state legislation. More than 350 cities are holding elections, however, either to choose councilmen or to act on local ordinances or charter amend-

Old age pension proposals in California and Ohio and the legalization of pari-mutuel betting on horse races in New York are the outstanding tissues of this year's state elections. Other states Byeferring questions to the people are Mississippi end New Jersey. Virginia, Kentucky, and New ersey elect legislators, and Kentucky chooses a Earlier this year general or special tions were held in Georgia, New Mexico and

Canada and the Waterways

By HUGH 8. JOHNSON

Pittsburgh, Oct. 28 - In Detroi I heard much talk of an industria yar boom in Canada just across th border. The Bri-

to be to spend arthere instead of gure mentioned is three and onehalf billion dollars. Of course, this could done only after a considerable expansion of Ca nadian industr plants. A part of

plan. Canada is said at ready to ratify the proposed treaty creating the St. Lawrence - Great Lakes Seaway. This will cost us \$400,000,000 as a first step - to im prove part of its lower reaches and a very large additional sum for lake and harbor improvements be

fore it is complete. It is being sold to our Mid - Wes as a great project which will "put Chicago, Duluth and other Lake ports on the Atlantic Ocean." Seagoing ships will steam clear up the head of Lake Superior

It couldn't be sold to Canada or that basis. There are too many question marks on the economy and practicability of any such na vigation arrangement - no matter how many hundreds of millions we spend. But Canada recognizes un as we should also - that this isn't primarily a navigation projec at all. The navigation element is largely a nice custard-coated sucker - lure. This is primarily a powment can go into "competition" ing to charge very much in costs for plant investment - a principal cost element in hydroelectric power

sold to belligerents freely. This Canada never fell for that great Washington, Oct. 29-As the new kind of goods can be sold for un- power installation before, even a closer decision, existing law, the sale of ordinary cheap power for any likely indus non-armament goods, is trial use. But if the war is going to than in the Sen- sure. This makes no distinction she can use more power, largely a

HARD TO BELIEVE

By Shepard Barclay

DUPLICATE players frequently find on the score slips results George A. Schwarzenbach, which they consider impossible Betty Ann Marquis, James B. Re unless by a revoke or similar irregularity. No matter how much they puzzle over some deals, they are unable to figure out any way that the recorded score could have been made. Usually a bit of investigation discloses the fact that either the declarer or a defender did something which was almost brilliantly stupid.

At one table of a Boston tournament North bid 1-Spade on this Fredericka Campbell, Miss Marge deal, South 2-Hearts, North 3-Spades, South 3-No Trumps and North 4-Spades. After the J of Morgan C. Harris, Miss Kathry clubs was led to the K, the declarer made his contract easily by seeking two ruffs of clubs, although one was over-ruffed by the

Upon examination of the score slip, it was learned that one North player went down two tricks at 4-Spades. Inquiry showed that the club J was led, then declarer fol-lowed the silly procedure of try-ing to set up a couple of hearts. East ruffed the second heart, put West in with a diamond and another heart made declarer ruff with the spade J. Followed then the club A and a club ruff, overruffed by the spade Q. A fourth heart was ruffed by the 8 of declarer had to lose another club

QUESTIONS AND ANSWERS

Answer: The danger of the open can is contamination with germs, not the metal of the can. Processed foods are more liable to contamination than others because in the processing they come to resemble bacterial culture media. Besides, processed foods left in the can are more liable to be eaten without renore liable to be eaten without reooking, whereas raw foods have The Radio Log he advantage of the germ-killing ualities of cooking. Of course, then ptomaine poisoning can result Eastern Standard—Subtract One Hr. rom eating food left in an open

W. T.: "What could have caused sudden dizziness after a strenuous

et of tennis?' Answer: Probably the exertion and the heat caused a temporary edistribution of blood in the capllary reservoirs . The muscles needed more blood and deprived the orain, causing temporary anemia in 6:45he centers of equilibrum. They are very sensitive to such changes.

EDITOR'S NOTE: Dr. Clendening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendening, in care of King Features Syndicate, Inc., 235 East Forty-fifth street, New York, N. Y. The pamphlets are: "Three Weeks' Reducing Diet", "Indigestion and Constipation", "Reducing and Gaining." Infant Feeding", "Instructions for thee treatment of Diabetes", "Feminine Hygiene" and "The Care of the Hair

Hospital Puts It Back

Seven-year-old Edgar Stein was brought into Allegany hospital Saturday practically minus an ear. But today, thanks to modern surgery, Edgar has the ear firmly attached to his head and won't have to go

through life without it. The boy, son of Mr. and Mrs. Charles E. Stein, nearly severed his right ear from his head when he tripped and fell through a glass panel of a desk at his Ridgeley home.

The hospital atttendants got busy and used eight sutures to put the ear back where it belonged, and Edgar left "almost as good as new," according to
